Merchandise decreased by Rs. 10,00,844, but Treasure increased by Rs. 34,01,919.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4. *Coal*—Shows a decrease of 5¼ lákhs, due to less import on account of the large stock that remained in hand at the end of the previous year.

Coffee.—Although this article increased in weight the value decreased by Rs. 13,72,000, due, no doubt, to the very low rates ruling in the Continental markets owing to the importations there of cheap coffee.

Cotton Twist and Manufactures—Show a decrease of Rs. 4,66,000, of which *twist* decreased by Rs. 44,000 and *piece-goods* by Rs. 4,22,000, due to the large imports during the preceding year.

Drugs—Tobacco Unmanufactured—Decreased by Rs. 5,31,000, due to less import from Bombay and to larger imports from the Arabian Coast Ports owing to a good crop.

Caoutchouc, Raw—Decreased by Rs. 2,30,000 and *metals* decreased by Rs. 12,02,000 on account of the cargo salved from wrecked vessels in the vicinity of Aden being brought here and then reshipped to destination during the past year.

Grains—Show an increase of Rs. 6,79,000, due to large imports from India, most of which was exported to Somáliland.

Gums and Resins—Show a decrease of Rs. 3,01,000, due to less imports from Somáliland on account of the unsettled state of the interior, and to direct shipments made to Bombay from all the Mijjertain Ports.

Hides and skins, Raw.—These increased by Rs. 26,57,000, due to trade in the articles being diverted from Zanzibar direct to Aden from the South-East African Ports, owing to the better method of treatment practised in Aden.

Ivory, Unmanufactured—Increased by Rs. 2,63,000, due to large imports from the Port of Jibuti..

Kerosine Oil—Decreased by Rs. 3,75,000, due to less import on account of the stock that remained in hand from the imports of the previous year.

Provisions, Dates, Wet—Show a large decrease of Rs. 7,98,000, due to direct shipments to the Port of Berbera from the Persian Gulf Ports. *Ghi* increased by Rs. 5,07,000, due to the increased demand for the article on account of the extra troops landed at Aden for the Aden Boundary Commission.

Other Sorts—Show an increase of Rs. 1,56,000.

Wax—Increased by Rs. 2,01,000.

Salt—Decreased by Rs. 2,93,000, owing to short outturn by Italian Salt Company.

Treasure—Increased by the large sum of Rs. 32,30,000, due to the Maria Theresa Dollar being largely imported from (Trieste) Austria, due to cheaper rates of exchange prevailing.

5. The following countries contributed towards the general increase in the trade of the Port :—

Austria, Rs. 30,55,000; *Germany*, Rs. 2,76,000; *Other Countries in Europe*, Rs. 3,37,000; *United States of America*, Rs. 18,55,000; *Egypt* including *Suakin*, Rs. 3,08,000; *Danakil Ports*, Rs. 4,02,000; *Somáliland*, Rs. 1,59,0000; *Other Somali Ports*, Rs. 3,33,000; *Zanzibar* and *Mainland*, Rs. 6,56,000, and other countries in *Asia*, Rs. 1,03,000, whereas decreases are noticed in *United Kingdom*, Rs. 16,94,000; *France*, Rs. 3,87,000; *Russia*, Rs. 2,34,000; *Arabia*, Rs. 8,30,000; *Turkey in Asia*, Rs. 2,68,000; *Persia*, Rs. 2,09,000; *China*, Rs. 6,91,000; *Calcutta*, Rs. 3,87,000, and *Karáchi*, Rs. 1,91,000.

ANNUAL REPORT

ON THE

TRADE AND NAVIGATION OF ADEN,

WITH RETURNS,

FOR THE OFFICIAL YEAR ENDED 31ST MARCH 1904.

TRADE REGISTRATION OFFICE:

Aden, 25th July 1904.

1. The Sea-borne and Inland Trade Returns Nos. 1 to 16 of the Port of Aden, for the official year 1903-1904, are herewith submitted.

Total Value of Trade.

2. The total value of the Trade of Aden during the year increased by Rs. 90,67,556 or 9·61 per cent., Foreign Trade increased by Rs. 17,81,991 or 2·34 per cent., Indian Trade increased by Rs. 80,15,538 or 61·37 per cent., and Inland Trade decreased by Rs. 7,29,973 or 13·56 per cent.

Value of Sea-borne and Inland Trade.

3. The total value of the Sea-borne and Inland Trade of Aden during the year (exclusive of Government Stores and Cargo manifested for transhipment on through Bills of Lading) amounted to Rs. 10,33,53,678, against Rs. 9,42,86,122 the year previous, showing an increase of Rs. 90,67,556. Merchandise increased by Rs. 71,80,003, and Treasure by Rs. 18,87,553.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4. *Coal.*—Shows a large increase of 12 lákhs in the value principally from the United Kingdom; Calcutta's share in the increase being 2 lákhs. This increase appears to be due to a necessary rebound, after two years of depression. The number of Steamers that arrived in excess of last year, was 124.

Coffee.—Though the value increased by 3 lákhs, there is a fall in the weight, due to less produce owing to lack of rains; and also to the difficulty of obtaining transport there was, in consequence, a rise in value.

Skins.—A large decrease of $2\frac{3}{4}$ lákhs is noted in the value, but the quantity having increased, it points to the inferior quality imported this year, pasture being poor and the Skins therefore lighter. Prices were also on the decline in Europe and America.

Hides.—A decrease is observed here in the value of Rs. 60,000; the quantity also shows a decrease.

Gums.—Increased in quantity by 9,608 cwt. and in value by Rs. 44,095, chiefly in Gum Incense. There being new buyers in the market, competition stimulated the trade, and the supply rose to meet the demand. Of the exports, Bombay and Austria took the largest quantities.

Animals—Other kinds.—Increased in value by 3 lákhs, the main causes being the continued purchase of camels by Government Contractors, and the high rates which ruled the local market for cattle during the latter part of the year.

Cotton Twist and Manufactures—Twist and Yarn.—The total trade in this article shows a decrease of over two lákhs, chiefly from Bombay; Foreign imports showing a slight improvement.

Piece-goods, Grey.—Increased in value by $7\frac{3}{4}$ lákhs, though the quantity did not increase proportionately. The imports from Bombay show a fair improvement in both quantity and value: prices for American Greys rising,

Bombay improved the opportunity, showing an increase of 2¾ lákhs. The imports from America though exhibiting but a slight decrease in quantity, shows a large increase in value, due to the failure of the Cotton Crop early in the year and the heavy speculations in America combined with the strikes which took place there. The Bombay article compares favourably with that from America, except in point of durability, and this important difference gives the preference to the latter manufacture, which has gained a firm hold on the market.

Piece-goods, White.—Increased by Rs. 25,856 but Coloured decreased by Rs. 33,385. Similarly the exports decreased in Twist and Coloured Piece-goods, but increased in Grey and White Piece-goods.

Drugs—Tobacco, Unmanufactured.—Decreased by 2¼ lákhs chiefly from the Arabian Ports and Bombay. The exports show a decrease of nearly 2 lákhs in value, and the Land Trade a decrease of Rs. 37,486. The unfavourable conditions prevailing in the Yemen necessitating a retrenchment in the luxury, is a contributory cause to the decrease.

Grain and Pulse.—An extraordinary increase is noted here of 29 lákhs in value, chiefly in the Staples, Jowári and Rice from India. In the Trade with the Mainland of Arabia the imports, of course, were comparatively nil and the exports in the two articles show an increase of over ¾ of a lákh in value. The export Sea-borne Trade increased by almost 21½ lákhs. The demand created by the famine wholly accounts for this, the bulk of the increase being taken by Arabia; exports to Africa also increased, and a small quantity was sent to Mauritius.

Ivory, Unmanufactured.—The decrease here of 3½ lákhs is attributed to the limited arrivals from Africa, the exports however remained steady and prices stationary.

Metals.—Increased by about ½ a lákh, the exports also show a slight increase.

Oil, Kerosine.—Increased in quantity by 523,313 gallons, and in value by over 2¾ lákhs; both the American and Russian products showing improvement. The export Land Trade also shows an increase of Rs. 22,397. The supply increased to meet the larger demand made, and this demand is apparently growing, the Arabian and African Ports taking about ¾ of a lákh each.

Seeds.—Increased in quantity, but decreased in value by Rs. 44,685, imports from Arabia show a considerable decline. There being small demands prices fell, another result of the famine.

Spices.—Show an increase of 1 lákh, especially in Ginger, which is largely exported to Africa and Arabia. The exports however show a fall of 1½ lákhs. Consignments originally meant for Turkish Ports, on account of the strict quarantine there, were brought to Aden, but on account of adverse circumstances the principal purchasers failed to buy, and the prices were lowered.

Sugar.—A slight decrease in quantity is noted, but the value increased by ½ a lákh. Austrian Sugar increased; China Sugar decreased, but imports from Bombay show no important difference.

Wax.—Increased by almost 1 lákh, the bulk of which was exported to Germany.

Shells, Mother O'Pearl.—Increased by Rs. 66,000 and Pearls by Rs. 75,000; Bombay being the sale market for the latter.

Provision, Dates.—Increased in value by 2 lákhs, mainly by imports from Bussorah, where there was a good crop.

Provision—Other kinds.—Increased in value by 2½ lákhs.

Salt.—Increased in quantity by 24,825 tons and in value by Rs. 2,01,896.

Treasure.—Increased in value by Rs. 4,33,828. The import of Dollars from Austria fell from 55 lákhs the previous year, to 11 lákhs, due no doubt to direct shipments to Bombay from Austria. The increase is chiefly in Govern-

ment Rupees which were largely substituted for the Dollar in all transaction both locally and on the Coast. The rate of the Dollar in the early part of the year, was Rs. 133 per 100 Dollars, rising to 145 and closing with 134.

5. The following countries contributed towards the general increase in the Trade :—

United Kingdom, Rs. 16,14,000 ; *France*, Rs. 5,50,000 ; *Other Countries in Europe*, Rs. 1,15,000 ; *Russia*, Rs. 2,30,000 ; *Abyssinia (Massowa)*, Rs. 1,73,000 ; *Danakil Coast*, Rs. 2,18,000 ; *Somaliland*, Rs. 32,13,000 ; *Other African Ports*, Rs. 1,07,000 ; *Hodeida*, Rs. 15,89,000 ; *Other Arabian Ports*, Rs. 85,000 ; *Turkey in Asia*, Rs. 3,92,000 ; *Ceylon*, Rs. 3,45,000 ; *Other Countries in Asia*, Rs. 41,000 ; *Bombay*, Rs. 71,01,000 ; *Calcutta*, Rs. 10,47,000 and *Other Countries in India*, Rs. 42,000.

ANNUAL REPORT

ON THE

TRADE AND NAVIGATION OF ADEN,

WITH RETURNS,

FOR THE OFFICIAL YEAR ENDED 31ST MARCH 1905.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

TRADE REGISTRATION OFFICE:

Aden, 12th August 1905.

1. The Sea-borne and Inland Trade Returns Nos. 1 to 16 of the Port of Aden, for the official year 1904-1905, are herewith submitted.

Total Value of Trade.

2. The total value of the Trade of Aden during the year decreased by Rs. 1,15,27,050 or 11·15 per cent., Foreign Trade decreased by Rs. 97,30,079 or 12·53 per cent., Indian Trade decreased by Rs. 19,92,381 or 9·45 per cent., and Inland Trade increased by Rs. 1,95,410 or 4·20 per cent.

Value of Sea-borne and Inland Trade.

3. The total value of the Sea-borne and Inland Trade of Aden during the year (exclusive of Government Stores and Cargo manifested for transhipment on through Bills of Lading) amounted to Rs. 9,18,26,628, against Rs. 10,33,53,678 the year previous, showing a decrease of Rs. 1,15,27,050. Merchandise decreased by Rs. 59,83,803, and Treasure by Rs. 55,43,247.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4. *Coal.*—Shows a decrease in the quantity of 56,500 tons, and in the value of ·15 lákhs. The imports last year being exceptional, the quantity imported this year may be considered as normal.

Coffee.—A very large decrease is noted here in both quantity and value. The quantity decreased by 50,000 cwts. and the value by 26¼ lákhs. This was due to the unfavourable crop produced, there having been insufficient rain for the past two years. The disturbed state of affairs in Yemen has also affected the trade.

Skins.—The figures here show a fair increase in quantity, but a slight decrease in value.

Aden is becoming a more important centre of distribution, and arrivals have increased. The Home market encouraged consignments, and prices rose.

Hides.—Increased largely in value by 5¾ lákhs; the quantity also increased. The continued prevalence of famine in the Interior, and the advance prices in Europe, account for this.

Gums.—Decreased in quantity by 10,000 cwts., and in value by about ½ a lákh, the recent war in Somaliland unfavourably affected imports, and prices had a downward tendency owing to the large stock in hand.

Animals—Other kinds.—A large decrease of 2 lákhs is observed here in the value. This decrease is chiefly due to the fact that no camels were purchased for Government as was the case in the previous year, which accordingly showed an abnormal increase of 3 lákhs.

Cotton Twist and Manufactures—Twist and Yarn.—Decreased by about ½ a lákh, due to the falling off in the demand and a reduction in prices.

Grey Piece-goods.—A large decrease is noted here of 18½ lákhs in value. This decrease is partly due to certain markets importing direct, instead of

through Aden, and partly to the unsettled condition of the interior of Somaliland, and to the famine in Yemen, which caused the demand to fall off.

White Piece-goods.—Show a fair increase of about 1 lákh in value.

Dyed Piece-goods.—The trade here exhibits a large decrease of almost $2\frac{3}{4}$ lákhs. Owing to the small demand, imports were limited.

Drugs.—Tobacco, Unmanufactured.—Decreased in value by $1\frac{1}{2}$ lákhs in the imports, and by $2\frac{1}{2}$ lákhs in the exports. The imports from India as well as from the Arabian ports decreased, owing to the smaller outturn, and also to the smaller demand due to the poverty of consumers.

Grain and Pulse.—Show an increase of $18\frac{1}{4}$ lákhs in value. This increase is chiefly due to the continuance of famine in the Interior. This increase is very noticeable when coupled with that of last year, which showed an extraordinary rise of 29 lákhs. But the increase, though remarkable, may be considered a natural consequence of the conditions prevailing in the countries which draw their supplies from Aden. Direct shipments of cereals from India to Hodeida were also made.

Ivory, Unmanufactured.—Increased in weight by 39,000 lbs. and in value by $3\frac{1}{4}$ lákhs. The increased demand from London induced large imports from Abyssinia, but a considerable stock is still on hand, accounting for the slight decrease in exports.

Metals.—Decreased in value by about Rs. 88,000; the exports show a slight decrease of Rs. 19,000.

Oil, Kerosine.—The imports here show a decrease of nearly $\frac{3}{4}$ lákh but the exports show an increase of about $\frac{1}{4}$ lákh. Owing to poverty in the Interior the demand dropped. Considerable shipments were made direct, and not *vid* Aden as heretofore.

Seeds.—Decreased in weight by 4,000 cwts. and in value by Rs. 85,000. The exports also show a decrease. Seeds decreased in sympathy with other articles which are usually in demand among the coast towns and in the Interior.

Spices.—A very large decrease of nearly 2 lákhs in value is seen here, the exports show an increase in quantity, but a decrease in value owing to poor demands during the year.

Sugar.—Shows a decrease in quantity but an increase in value, in both Imports and Exports. Imports increased by $\frac{1}{2}$ a lákh, and Exports by $\frac{3}{4}$ lákh in value. The famine in the Interior and the smaller outlet in Somaliland reduced demands, and the poor crop of beetroot in Austria increased the value.

Wax.—Shows a large increase of $1\frac{1}{2}$ lákhs in Imports, and $4\frac{1}{2}$ lákhs in Exports. The increased facilities afforded by the Ethiopian Railway encourage imports from Harrar; formerly this article was sent to Massowah on camel back. The large exports are due to the very fair demand in Europe.

Shells, Mother O' Pearl.—Show a slight increase in quantity, but a decrease in value, owing to the low rates ruling in the Home market.

Pearls.—Decreased in the Exports by 2 lákhs, and in the Imports by $\frac{1}{2}$ a lákh. Apparently dealers are finding it more profitable to send their pearls direct to the Bombay market, than to transact business at Aden, through Agents and others.

Provision—Dates.—Increased in value by about $1\frac{1}{4}$ lákhs in Imports as well as in Exports. Plague having broken out in Aden just about the season when Dates are imported, much of the trade was checked, and several Bugglows took their cargo to Berbera and Red Sea ports.

Ghee.—Increased by about $\frac{1}{4}$ lákh in value; Exports increased in value but decreased in quantity.

Salt.—Exhibits a decrease of 16,908 tons, valued at Rs. 1,43,811. Heavy shipments of salt were made during the year from Liverpool, Hamburg and Red Sea ports, which overstocked the Calcutta market.

Treasure—A large decrease is noted here of $38\frac{1}{4}$ lákhs in value in Imports, and 18 lákhs in Exports. The import of Dollars from Austria, which fell from

55 lákhs in 1903, to 11 lákhs in 1904, was comparatively *nil*, during the year under report. Owing to the poverty of purchasers a further supply of Dollars would not have proved a profitable investment. Austria, Bombay and Somaliland show the largest decreases under this head.

5. The following countries contributed towards the general increase in the Trade:—.

Germany, Rs. 2,28,000; *Holland*, Rs. 2,30,100; *Italy*, Rs. 1,00,600; *Turkey in Europe*, Rs. 63,100; *Other Countries in Europe*, Rs. 12,288; *Independent Somali Ports*, Rs. 69,800; *Zanzibar*, Rs. 6,43,600; *German East Africa*, Rs. 22,400; *Lohia*, Rs. 1,72,800; *Gaizan*, Rs. 90,800; *Konfidah*, Rs. 1,25,400; *Mokha*, Rs. 10,83,800; *Independent Gulf Ports*, Rs. 1,74,100; *Muscat*, Rs. 52,000; *Turkey in Asia*, Rs. 1,37,400; *Persia*, Rs. 2,01,400; *Karáchi*, Rs. 5,90,400; *Other Countries in India*, Rs. 1,18,950.

Decreases are observed in *United Kingdom*, Rs. 17,33,500; *Austria*, Rs. 24.57,140; *France*, Rs. 8,56,600; *Other Countries in Europe*, Rs. 2,45,900; *Massowah*, Rs. 6,80,100; *Dunakil Ports*, Rs. 3,74,600; *Somaliland*, Rs. 8,35,700; *Mauritius*, Rs. 52,700; *United States America*, Rs. 24,07,800; *Jeddah*, Rs. 50,700; *Hodeida*, Rs. 29,58,600; *Ceylon*, Rs. 3,32,600; *Straits Settlements*, Rs. 1,89,800; *Other Countries in Asia*, Rs. 44,800; *Bombay*, Rs. 25,09,800; *Calcutta*, Rs. 43,000; *Madras*, Rs. 55,200; and *Malabár Coast*, Rs. 30,400.

ANNUAL REPORT

ON THE

TRADE AND NAVIGATION OF ADEN,

WITH RETURNS,

FOR THE OFFICIAL YEAR ENDED 31ST MARCH 1906.

TRADE REGISTRATION OFFICE:

Aden, 13th August 1906.

1. The Sea-borne and Inland Trade Returns Nos. 1 to 16 of the Port of Aden, for the official year 1905-06, are herewith submitted.

2. The total value of the Trade of Aden during the year increased by Rs. 69,76,175 or 7·59 per cent., Foreign Trade increased by Rs. 53,53,235 or 7·88 per cent., Indian Trade increased by Rs. 17,15,733 or 8·99 per cent., and Inland Trade decreased by Rs. 92,793 or 1·91 per cent.

Value of Sea-borne and Inland Trade.

3. The total value of the Sea-borne and Inland Trade of Aden, during the year (exclusive of Government Stores and Cargo manifested for transhipment on through Bills of Lading), amounted to Rs. 9,88,02,803, against Rs. 9,18,26,628 the year previous, showing an increase of Rs. 69,76,175; Imports and Exports both sharing in the increase. Merchandise increased by Rs. 53,36,158, and Treasure by Rs. 16,40,017.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4. *Coal*—Shows an increase of 30,660 tons in quantity, and in the value, of over $1\frac{3}{4}$ lákhs. Imports from the United Kingdom decreased, and the increase is due to the large imports from Calcutta.

Coffee.—A very fair increase is noted here, of 16,000 cwts. in quantity and $9\frac{1}{4}$ lákhs in value. After two years of comparative drought, there was this year a good rainfall and a large crop.

Skins.—In both Imports and Exports, the quantity decreased, but the value increased. In Imports, the value shows a large increase of over $5\frac{3}{4}$ lákhs. The continual steady demand of the Home Markets accounts for the rise in value: the arrivals fell off considerably, chiefly from the Dunkali Coast, Independent Somali Ports and the Gulf Ports.

Hides.—Increased in value by nearly 4 lákhs in imports. Exports also show an increase. Greater competition in the hide market doubtless attracted large consignments which arrived chiefly from Abyssinia.

Gums and Resins.—Increased in quantity by 16,000 cwt., and in value by over $1\frac{1}{2}$ lákhs. The large decrease observed last year was due to the Mad Mullah's disturbance; the return of the country to a more peaceful state, resulted in a larger collection and increased imports.

Animals.—An increase is noted here of nearly $1\frac{1}{2}$ lákhs in value. This increase can also be traced to the end of the disturbance in Somaliland, and partly to the increased competition in carrying animals from the Somali Coast ports to Aden.

Cotton Twist and Manufactures—Twist and Yarn.—Show an increase in Imports and Exports of over $1\frac{1}{2}$ lákhs in value, chiefly from India.

Grey Piece-goods.—Increased in quantity by over 2 million yards, and in value by about $2\frac{1}{4}$ lákhs, chiefly due to the opening of new markets in Abyssinia

and Somaliland, indicating healthy competition. The value increased on account of the higher rate ruling for American cotton.

White Piece-goods.—Show a fair increase in quantity and value which increased by nearly $\frac{3}{4}$ of a lákh.

Dyed Piece-goods.—Increased in quantity and in value by almost $2\frac{3}{4}$ lákhs, which was the amount of the decrease registered against this item last year.

All Piece-goods and Cotton manufactures, largely increased, chiefly from India, where the recent activity in the cotton mill industry is worthy of remark.

Drugs, Tobacco Manufactures.—Decreased in value in the Imports by about $2\frac{1}{2}$ lákhs, but increased in the Exports by $2\frac{3}{4}$ lákhs. For the past two years the outturn was very poor from India as well as from the Arabian Ports. The large increase noted in Exports is due to the more prosperous condition of the consumers.

Grain and Pulse.—Show a decrease of $10\frac{1}{4}$ lákhs in value. The heavy rainfall in the Interior and the Coast Ports, where famine prevailed last year, resulted in bumper crops, and consequently the large demands ceased.

Ivory, Unmanufactured.—Decreased in quantity by about 31,000 lbs. and in value by about $1\frac{3}{4}$ lákhs. This decrease is probably due to the order which was in force for some months in Abyssinia, prohibiting the shooting of wild elephants.

Metals.—In the Imports the quantity increased slightly, but the value decreased by Rs. 10,000. The Exports show a small decrease in quantity, and a slight increase in value.

Oil, Kerosine.—A slight increase in quantity and value is noticed here in the Imports. In the Exports the quantity decreased by 46,000 gallons, and in value by about Rs. 21,000. The destruction of the Oil Works at Baku reduced imports of Russian Oil to a considerable extent: the slight increase is due to American Oils. As the bulk of the Exports is the cheaper Russian Oil, the reason for the decrease here is obvious.

Seeds.—Decreased in quantity but increased in value in both Imports and Exports. The unfavourable crops in India affected Imports, and stocks being low on account of the decrease of the year previous, prices advanced with demands.

Spices.—Decreased by nearly 1 lákh in value. Exports also show a decrease owing to the falling off in demands from Hodeida and the Interior, and smaller arrivals from India.

Sugar.—A very large increase is noted here in Imports as well as Exports. The value increased by over $2\frac{3}{4}$ lákhs in the former and by over 3 lákhs in the latter. The large produce in Austria and the steady demands chiefly from Hodeida and D'Jibouti, account for the increase.

Wax.—Increased by over $3\frac{1}{2}$ lákhs in Imports and by nearly $1\frac{1}{4}$ lákhs in Exports, due to the increased facilities afforded by the Ethiopian Railway, as explained last year.

Shells, Mother-O'Pearl.—A decrease is noted here of about 1 lákh in Imports, and a corresponding decrease in the Exports. The lower rates obtaining in Aden have resulted in direct shipments to Bombay, and an endeavour to secure higher rates in new markets.

Pearls.—Increased in Imports by $\frac{1}{2}$ a lakh and in Exports by nearly $1\frac{3}{4}$ lákhs. The figures here may be considered as normal as the heavy decrease exhibited last year was exceptional.

Provision—Dates.—Show a decrease in quantity of 36,000 cwt. and in value a decrease of over 1 lákh. Dates are now manifested for direct transhipment from Bussorah to Turkish Ports and Somaliland, whereas previously all dates passed through Aden, which was and is still the chief port of distribution.

Ghee.—Decreased in Imports by about Rs. 8,000, and in Exports by about half that amount, due to small arrivals chiefly from India, and the greater consumption of the native manufacture.

Salt.—Increased largely in quantity by 38,000 tons and in value by over 2¾ lákhs, which compares very favourably with the previous year's decrease.

Treasure.—Increased in the Imports by 8 lákhs and in the Exports by 7 lákhs. Increases are observed in Gold and Silver Coin from all countries, but the advance is chiefly due to the large import of dollars from Austria, and of Gold coin and Dollars from Jeddah and Hodeida at which latter port the presence of a large number of Turkish troops would doubtless account for the increased trade activity indicated by the figures.

5. The following countries contributed towards the general increase in the Trade :—

United Kingdom, Rs. 8,03,993 ; *Austria*, Rs. 3,50,081; *France*, Rs. 7,74,114 ; *Holland*, Rs. 2,67,644; *Italy*, Rs. 7,70,311 ; *Massowah*, Rs. 3,03,086 ; *Somaliland*, Rs. 12,14,751 ; *Mozambique*, Rs. 26,629 ; *Egypt*, Rs. 1,32,319 ; *Mauritius*, Rs. 1,15,888 ; *Italian East Africa, &c.*, Rs. 4,21,833 ; *Jeddah*, Rs. 2,15,754 ; *Hodeida*, Rs. 22,86,307 ; *Lohia*, Rs. 82,555 ; *Fursan, &c.*, Rs. 42,503 ; *Muskat*, Rs. 61,303 ; *Perim*, Rs. 92,581; *Ceylon*, Rs. 6,45,069; *Straits Settlements*, Rs. 1,23,992 ; *Australia*, Rs. 32,130; *Sumatra*, Rs. 1,12,355 ; *Bombay*, Rs. 15,74,031 ; *Madras*, Rs. 22,954, and *Calcutta*, Rs. 5,01,943.

ANNUAL REPORT

ON THE

TRADE AND NAVIGATION OF ADEN WITH RETURNS,

FOR THE OFFICIAL YEAR ENDED 31ST MARCH 1907.

TRADE REGISTRATION OFFICE:
Aden, 16th August 1907.

1. The Sea-borne and Inland Returns Nos. 1 to 16 of the Port of Aden, for the official year 1906-07, are herewith submitted.

2. The total value of the Trade of Aden during the year increased by Rs. 6,73,965, or ·68 per cent. Indian Trade decreased by Rs. 36,59,060 or 17·59 per cent. and Inland Trade decreased by Rs. 7,68,072 or 16·15 per cent.

3. The total value of the Sea-borne and Inland Trade of Aden during the year (exclusive of Government Stores and Treasure and Cargo manifested for direct transhipment on through Bills of Lading) amounted to Rs. 9,94,76,763 against Rs. 9,88,02,803 the year before, showing an increase of Rs. 6,73,965. Though Treasure decreased by 34¾ lákhs, Private Merchandise increased by 41 lákhs, the increase being in the Import Trade. Exports declined slightly.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4 *Coal*—Shows a decrease of 15,435 tons in quantity and nearly 3 lákhs in value. The increase last year of over 30,000 tons left a large stock on hand. Imports from the United Kingdom decreased by about 4,000 tons, and from India by about 11,000 tons.

Coffee.—An increase is noted here of 19,530 cwt. in quantity and about 13½ lákhs in value. The demand in Europe was very great, and after the large increase of last year the figures this year may be taken as a fair indication of the healthy state of the trade in this article. The last crop of Harrar Coffee was very rich and prices ruled high in the Home Markets. Exports decreased in quantity though not in value. A large stock still remains to be exported.

Skins—Increased in value by 2¼ lákhs, but decreased in quantity. Exports decreased in quantity and value. The increase in value is due to small arrivals especially from the Dunkali Coast and British Somaliland. Imports increased from Independent Somali Ports and the Benadir Coast.

Hides.—Imports increased in quantity by over 100 tons and in value by 5 lákhs. Exports increased slightly in value, but decreased largely in quantity. Exports to France decreased, but increases are observed in exports to United Kingdom, Germany, Italy and Turkey in Europe.

Gums and Resins.—A decrease is noted in imports of 17,544 cwt. in quantity and over 1¾ lákhs in value. Exports also show a decrease in quantity and value. The decrease is due to the fact that formerly Aden was the entrepôt for all such products arriving from the African and Arabian Coast Ports, whereas now owners ship a considerable portion of their goods direct to Bombay and not *viâ* Aden as heretofore.

Animals—Increased slightly in number, but decreased in value. The supply being good during the year, prices declined.

Cotton Twist and Manufactures—Twist and Yarn.—Imports increased largely in quantity and in value by about 1½ lákhs. In exports an increase is seen in both quantity and value.

Grey Piece-goods.—In imports there is a very large increase of 24 million yards and 48 lákhs in value. Exports also exhibit an increase in quantity of over 11 million yards and in value to the extent of 17½ lákhs. The quantity imported from the United States of America was nearly double that imported the year previous. Imports from Italy and Bombay also increased, but the prices for Bombay Greys fell slightly. There will probably be a large decrease next year as very large quantities were imported into Abyssinia before the Ethiopian Railway Company imposed a tax of 10 per cent. *ad valorem* on all goods.

White Piece-goods—Show a fair increase in quantity and in value of nearly 1 lákh. Exports decreased in quantity and value.

Dyed Piece-goods.—In imports the quantity decreased, but the value increased by about 3½ lákhs. There was a slight increase in both quantity and value in exports. Prices for Dyed Piece-goods rose during the year.

Drugs—Tobacco, Unmanufactured—Shows a large increase in quantity and in value of over 5½ lákhs. Exports show a large increase in quantity, but a slight decrease in value. Importations from all Foreign Ports increased, notably from Turkey in Europe, Greece, Arabian Gulf Ports, Persia and also from Bombay. For the past two years heavy decreases were registered against the imports owing to poor outturns.

Grain and Pulse—Decreased in imports to the extent of 22 lákhs in value and in exports by 14½ lákhs. Last year there was a decrease of 10¼ lákhs due to poor demands from the Interior. The large decrease this year may be attributed to the direct shipments of grain, &c., from India to Berbera, Hodeidah and Mocalla which Ports formerly drew their supplies of cereals chiefly from Aden.

Ivory, Unmanufactured—Decreased by nearly 1½ lákhs in imports and by 2½ lákhs in exports. Besides the fact that the Ivory market was dull, imports were reduced owing to the stricter game regulations regarding the shooting of Elephants in Abyssinia. It is also probable that Abyssinian Ivory finds its way to other ports such as Egypt and Soudan for exportation.

Metals.—A slight increase is noted here in quantity, but a slight decrease in value. Exports decreased in quantity and value, but only to a very small extent.

Oil, Kerosine—Increased in quantity by over 400,000 gallons and in value by over 1½ lákhs. A fair increase is also noted in exports, quantity and value. A brisk competition has sprung up between the various Oil Companies here, tending to a reduction of prices and a consequent increase in exports. Demands from the Coast Ports, &c., have been steadily growing for the past three years.

Seeds—Show a decrease in quantity and value in both imports and exports. The import of seeds has been falling for the past three years and prices have continued high. Imports increased slightly from Foreign Ports, but there was a large decrease in imports from Bombay, the demand being very poor.

Spices—Increased in imports by over half a lákh in value; the quantity also increased. Exports show a slight decrease in quantity, but a fair increase in value. There was a good demand for spices from Arabia, but the demands from other ports dropped.

Sugar—Increased in quantity, but decreased in value by a little less than half a lákh. Exports also decreased in value, but increased slightly in quantity. The imports from Austria, Mauritius and the Straits increased, but imports from China decreased. The large stock in hand and small demands, especially from the Interior and the Turkish Ports, account for the decrease in value.

Wax.—A large decrease is noted here of 4,000 cwt. in quantity and over 3¾ lákhs in value. Exports also exhibit a large decrease in quantity and value. The demand was very low, and dealers prefer importing, when necessary, to keeping a large stock on hand. Wax from the Interior holds the market and imports from there nearly doubled.

Shells, Mother-of-Pearl.—A decrease is noted here in quantity and value of imports, but a slight increase is seen in exports. Imports decreased owing to the shell owners having taken large consignments direct to Massowah and

Bombay. The increase in exports may be attributed to the shipment of the previous year's stock during the year.

Pearls—Increased in imports by over 1 lákh and in exports by over half a lákh. Last year also showed an increase in both imports and exports. Dealers generally go to the best markets, and purchase for export from Aden. This year they visited Massowah and other ports.

Provision—Dates—Decreased in quantity and in value by nearly three-fourths of a lákh. Exports also decreased in quantity and value. There was a large decrease last year and the decrease this year is due to the same cause, *i. e.* direct transhipment from Bussorah to Turkish Ports and Somaliland. Formerly it was necessary to obtain certificates of importation at Aden so as to claim a rebate from the Customs Authorities at Bussorah. This order has since been modified and the goods are now shipped direct.

Ghee—Increased in quantity by 139 lbs. and in value by over Rs. 36,000. Exports increased to nearly the same extent in quantity and value. Imports increased largely from the Benadir Coast and there were steady demands from Turkish Ports.

Salt.—A very large decrease is observed here of over 41,000 tons in quantity and over $2\frac{1}{4}$ lákhs in value. Last year the increase was about $2\frac{3}{4}$ lákhs in value. The decrease was chiefly due to the difficulty of securing steamers at this Port, also to the competition with Spanish Salt and to smaller demands.

Treasure.—There was a large decrease of 17 lákhs in imports and over $16\frac{1}{2}$ lákhs in exports. The high rate of the dollar encouraged imports from Austria, but the import of specie from India, Africa and especially from Arabia fell very low. The imports and exports both showed a very large increase last year, which was due to exceptional circumstances.

ANNUAL REPORT

ON THE

TRADE AND NAVIGATION OF ADEN WITH RETURNS,

FOR THE OFFICIAL YEAR ENDED 31st MARCH 1908.

TRADE REGISTRATION OFFICE:
Aden, 10th July 1908.

1. The Sea-borne and Inland Returns Nos. 1 to 16 of the Port of Aden for the year 1907-08 are herewith submitted.

2. The total value of the Trade of Aden during the year decreased by Rs. 1,00,85,706 or 10·14 per cent. Indian Trade decreased by Rs. 14,99,242 or 8·75 per cent., and Inland Trade increased by Rs. 2,64,908 or 6·65 per cent.

3. The total value of the Sea-borne and Inland Trade of Aden during the year (exclusive of Government Stores and Treasure and Cargo Manifested for direct transhipment on through Bills of Lading) amounted to Rs. 8,93,91,062 against Rs. 9,94,76,768 the year before, showing a decrease of Rs. 1,00,85,706. Though Private Merchandise decreased by over 1¼ crore, Treasure increased by 35 lakhs.

CAUSES OF INCREASE OR DECREASE IN THE TRADE DURING THE YEAR.

4. *Coal*—Shows a decrease of 900 tons in quantity but an increase of over 2 lakhs in value. The increase is due to the enhancement of the cost of fuel in the United Kingdom and India (Calcutta) which naturally raised the value of the coal imported into Aden.

Coffee.—An increase is noted in imports of 420 cwts. in quantity and about ½ lakh in value. Exports also show an increase of 14,787 cwts. in quantity and about 6½ lakhs in value. This increase is due to the good outturn from Abyssinia and Arabia which encouraged exports to Europe.

Skins.—Imports show a large decrease of over 21 lakhs in value and 11,907 cwts. in quantity. Exports decreased to the extent of 776 cwts. and over 12¾ lakhs in value. The decrease is due to the fall of the Markets in America which discouraged arrivals from Independent Somali Ports and Benadir Coast.

Hides—Decreased in imports by over 7 lakhs in value and in exports by over 3 lakhs owing to less demand in Europe.

Gums and Resins—Decreased both in imports and exports due to the unfavourable Market in Europe.

Animals—Increased in number and value owing to the demand from Turkey-in-Europe.

Cotton Twist and Manufactures—Twist and Yarn.—Imports decreased in quantity and in value. A slight decrease is also noted in Exports both in quantity and value.

Grey Piece-goods.—Imports decreased by 36 million yards and 65¾ lakhs in value. Exports also decreased by 18 million yards and in value by 36 lakhs. Besides the fact that imports from Italy, Bombay and America fell considerably, an additional cause of the decrease may be attributed to the limited demand in consequence of bad trade in Hides and Skins.

White Piece-goods.—Slight decrease is noticed both in quantity and value in Import. Exports decreased in quantity but increased slightly in value.

Dyed Piece-goods.—Increases are noticed in both Imports and Exports to the extent of $1\frac{3}{4}$ lakh and $3\frac{1}{2}$ lakhs respectively. The increase is due to greater demand in the Mainland of Arabia and the Coast Ports.

Drugs—Tobacco, Unmanufactured.—Imports show a decrease of 41,188 cwts. in quantity and $7\frac{1}{2}$ lakhs in value. Exports decreased in quantity by 18,462 cwts. but increased in value by over $2\frac{1}{2}$ lakhs. The scarcity of rain in India last year accounts for the decline in the Imports.

Grain and Pulse—Decreased in Imports by $5\frac{1}{4}$ lakhs in value. Exports decreased in value by $1\frac{1}{2}$ lakh but slightly increased in quantity. The decrease is due to the scarcity of rain in India and the consequent rise in price which discouraged Imports. An additional cause may be attributed to direct shipments from India to Hodeidah, Mokalla and Berbera.

Ivory, Unmanufactured—Increased by over 3 lakhs in imports and by nearly 3 lakhs in exports due to large arrivals from Abyssinia and the increased demand in Europe.

Metals.—A fair increase is noted in Imports as well as in Exports both in quantity and value.

Oil Kerosine—Decreased in quantity by over 7,00,000 gallons and in value by over $3\frac{1}{2}$ lakhs. A slight decrease is also observed in exports both in quantity and value. The decrease is due to less demand from Coast Ports and to direct shipments to Red Sea Ports.

Seeds—Slightly increased both in Imports and Exports. The large outturn of seeds from East Africa accounts for this increase.

Spices—Increased in Imports by over $2\frac{1}{2}$ lakhs in value. Exports also show an increase to the extent of over 3 lakhs. There was good demand for spices last year from the Interior and the Coast Ports.

Sugar—Decreased in Imports by 34,546 cwts. in quantity and $3\frac{1}{2}$ lakhs in value. Exports also slightly decreased in quantity and value. The Imports from Austria, Mauritius and Bombay decreased but imports from Russia and Germany increased. The cause of the decrease is attributed to the high prices in the markets of production.

Wax.—A slight decrease is noted in Imports. Exports also decreased by 1,016 cwts. in quantity and $4\frac{1}{2}$ lakhs in value. A large quantity of Abyssinian Wax is now shipped to Europe through Khartoum and Port Soudan instead of *Vid* Aden as heretofore.

Shells, Mother-of-Pearl.—Imports increased by 247 cwts. in quantity and by $\frac{3}{4}$ lakh in value. Exports show a slight increase in both quantity and value. There was a fair demand in Europe during the year.

Pearls.—Slight decreases are observed both in Imports and Exports due to less demand from Europe and America owing to unfavourable markets.

Provisions—Dates.—A very slight decrease is noticed in the Imports both in quantity and value. Exports show a decrease of 28,545 cwts. in quantity and of over 2 lakhs in value due to the direct transhipments from Bussorah to Hodeidah and Somali Land.

Ghee.—Imports decreased slightly both in quantity and value. Decrease is noted in exports. The scarcity of rain in India raised the price and discouraged imports into Aden.

Salt.—A fair increase is observed here of over 24,000 tons in quantity and over $1\frac{1}{4}$ lakh in value, being due to the reduction of Salt duty in India which encouraged the demand on a larger scale.

Treasure—A large increase of $19\frac{3}{4}$ lakhs is noted in Imports. Exports increased to the extent of $14\frac{3}{4}$ lakhs. The rate of the Maria Theresa Dollar ruled higher during the year which encouraged imports from Austria, Arabia and Africa.
